

# myFlex Hospitalisation Insurance.

## Outpatient hospital treatment.

More and more surgeries and procedures are being performed on an outpatient basis, i.e. without an overnight stay in hospital. CSS insurance wants its our insurance to reflect this fact, and therefore offers you exclusive additional benefits under our myFlex Hospitalisation Insurance. It ensures that you can enjoy greater comfort and more privacy during any outpatient procedure in the clinic and at home.

Benefits for outpatient treatment in a CSS partner clinic	myFlex Balance Hospitalisation Insurance	myFlex Premium Hospitalisation Insurance
 <p><b>Free choice of doctor</b> In the CSS partner clinics you can freely choose your doctor</p>

CHF 100 p. calendar year	Max. CHF 200 p. calendar year

### Offer conditions

- Available only to those insured under myFlex Balance or myFlex Premium Hospitalisation Insurance
- CSS maintains a list of CSS partner clinics, incl. what they offer in terms of the first four benefits above.
- You can claim benefits related to your treatment regardless of which clinic you go to. No bills issued by family members or friends will be accepted.
- Benefits are connected with outpatient treatment in Switzerland, and the services must be used immediately before or after an outpatient procedure. Benefits will be paid for services provided up to no more than three days from the date of the procedure.
- The procedure is now only performed on an outpatient basis (in accordance with the list of the Federal Office of Public Health or canton).
- To claim your reimbursement, please use the Outpatient hospital treatment reimbursement form.
- The lists of CSS partner clinics and outpatient procedures, as well as the reimbursement form, can be found at [css.ch/avs](http://css.ch/avs)
